

Oscar the Grouch

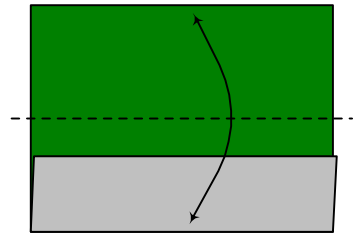

1

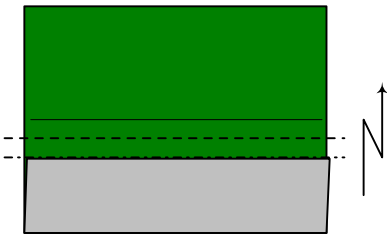

2

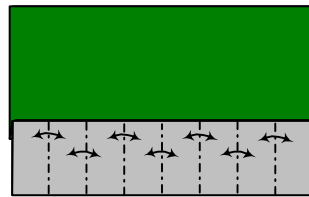

3

4

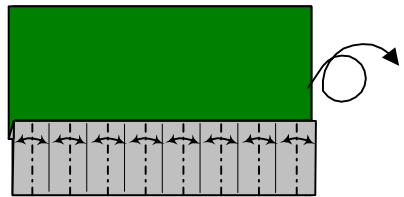

5

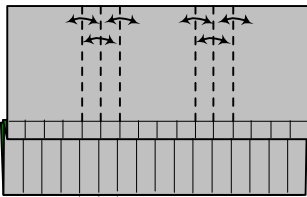

Crease through both layers into 8ths

6

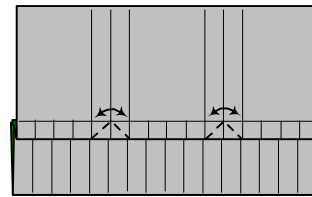

And again into 16ths

7

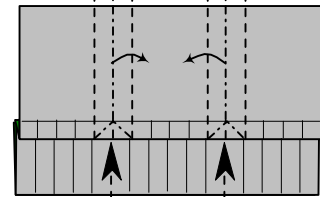

1 2 3 4 5 6 Add a few more creases

8

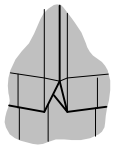

Crease the front 2 layers only

9

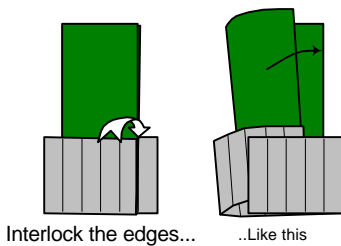

While valley folding the sides, narrow the top part of the model...

..Like this

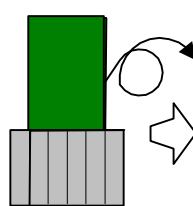

10

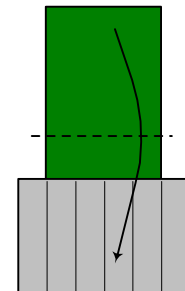

Interlock the edges...

..Like this

11

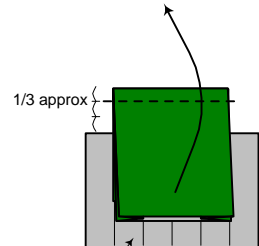

12

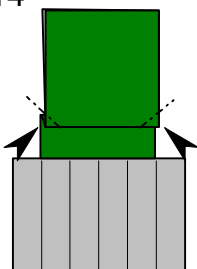

Valley fold so that the visible white segments are squares

13

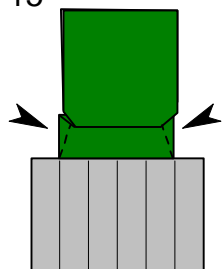

..Like this

14

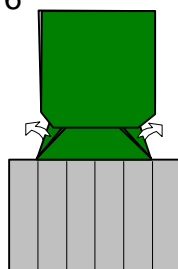

Inside reverse folds

15

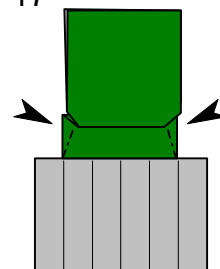

Inside reverse folds

16

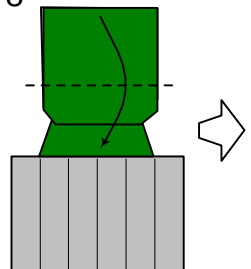

Unfold

17

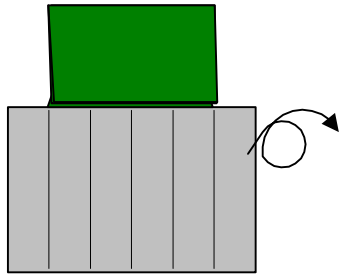

Sink the sides

18

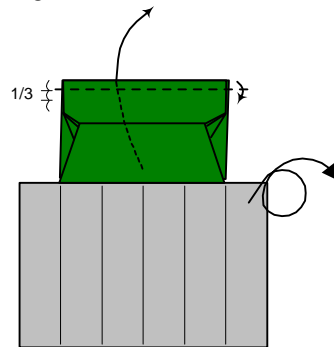

Oscar the Grouch

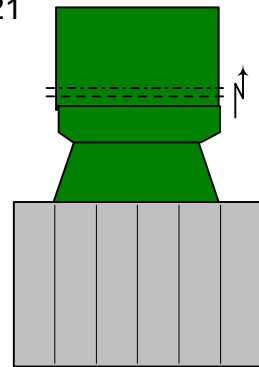

19

20

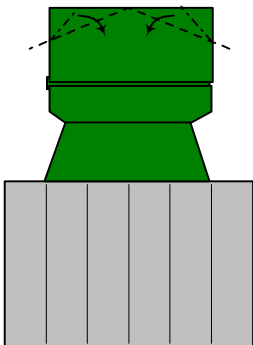

21

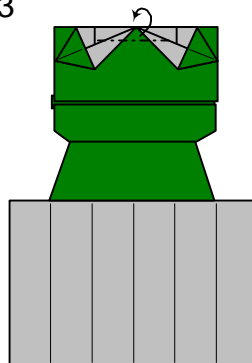

Make a tiny valley and mountain fold to form the top of the mouth

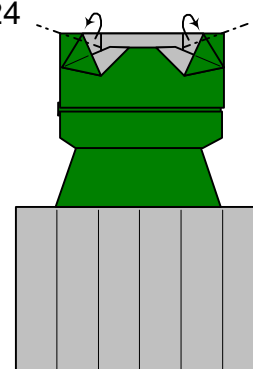

22

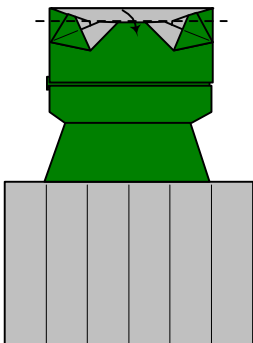

23

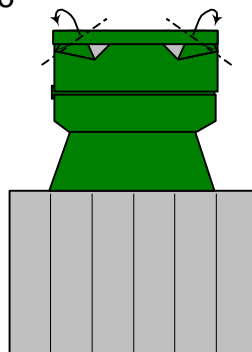

24

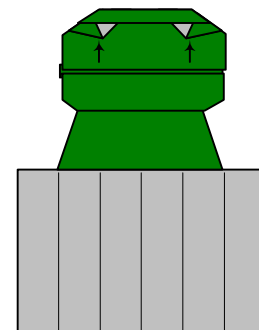

25

26

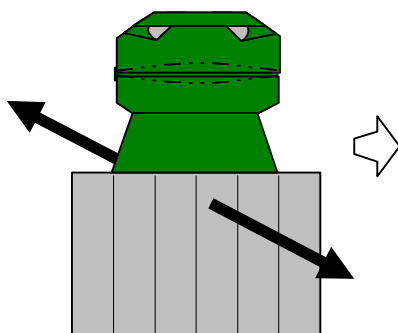

27

Make the eyes rounder

28

Make the whole model 3d, rounding the trash can and Oscar's mouth
